CELEBRATING 11 YEARS OF BRINGING TEAMS OF THE YEAR ACROSS EVERY GRADE

## SA Adelaide Footballer Magazine 2017 - TEAMS OF THE YEAR

### 2017 - Celebrating 11 years of bringing you the "Teams of the Year" across every grade

Eleven years ago, the editor Luke Hosie was innovative and decided to bring out "Teams of the Year" across all divisions in the SAAFL. He believed players across every senior grade deserved this honour, and not just division 1 footballers.

Luke approached the SAAFL about the prospect of working together in bringing out "Teams of the Year" across each division of the league, but the SAAFL refused to support these teams and refused to endorse the concept. Still to this day, the SAAFL do not recognise these teams.

Unperturbed by the lack of support shown by the SAAFL, Luke pressed ahead anyway, and assembled players and coaches of the day, to pick "Teams of the Year" across all divisions. He chose 3-4 selectors from each division to pick these sides. That winning formula from 11 years ago, still works extremely well today. Now 154 players and the premiership coaches across all grades are rewarded each and every year, for their outstanding seasons in football.

That selection criteria from 11 years ago until now, hasn't changed. Selectors each year, are either current players, current coaches, or past players. We only have selectors who have played the game, and are currently involved in the grade they select. Teams are picked PRIOR to medal counts. Being a medal winner is purely an umpires opinion.

With 7 teams selected, we offer our congratulations to all 154 players and the coaches chosen. You have earned your selection, with outstanding performances throughout 2017.
